Luxury Vinyl Planks

## CARE & MAINTENANCE

- To protect the surface more efficiently and keep your floor looking like new, protect the surface with a suitable wash and shine product such as LONG LIFE. This product requires no rinsing after application.
- Extra surface protection can be achieved by applying LONG LIFE Self Shining Floor Polish. It is especially formulated to give your floor protective high gloss finish. Washing the floor will not spoil the shine.
- Do not use wax.
- Scuff marks, various types of shoe soles may cause scuff marks. If scuff marks appear, we recommend you identify the cause eg. joggers/runners and remove. No claims will be accepted for scuff marks.
- Avoid surface scratches by sweeping or vacuuming your floor as often as necessary to remove loose dirt. Weekly maintenance should be carried out by washing the floor with water and a suitable vinyl floor cleaner.\*
- Furniture pads should be used underneath all items of furniture to protect your new floor!
- DO NOT place any rubber backed items, including rubber mats on your floor to avoid permanent staining.
- Never use steam mops on your floor. Use a damp mop only. Avoid excessive amounts of water.
- Avoid direct sunlight on your floor for prolonged periods of time by using appropriate window treatments or a UV resistant film on the windows.

\*LONG LIFE products are manufactured by Pascoe's and available from Bunnings or Woolworths.
